

Invitation: Royal IHC vessel familiarization

Royal IHC would like to welcome Young CEDA at their shipyard in Kinderdijk to introduce their standard modular vessels!

Get to know the ins and outs of Royal IHC's Beagle® trailing suction hopper dredger through a guided tour of the ship. Next up, you'll experience what it's like to take over the controls during the TSHD simulator experience.

Last but not least, learn how to operate Royal IHC's Beaver® Cutter Suction Dredger during the second simulator experience.

Event activities include:

- 1) Beagle® 4 ship visit
 The Beagle® trailing suction hopper dredger is waiting for you at the yard's quayside. Enjoy a guided tour around the vessel.
- 2) Simulator experiences
 Take over the controls as the dredge master of a Beagle® and a Beaver® Cutter Suction Dredger.
- 3) Network lunch lecture
 Enjoy your lunch, network with the others and enjoy a small lunch lecture.
