It is widely considered as an invaluable forum for leading researchers and industry experts to discuss and share dredging challenges, solutions and experiences.

The next event in this successful series of conferences is CEDA Dredging Days 2017. Under the theme "*Sustainable Dredging – Continued Benefits*" CEDA Dredging Days 2017 conference and exhibition will take place in the Conference Centre, Ahoy Rotterdam, the Netherlands, from 9-10 November 2017.

Young CEDA are dedicated to creating a platform for students and young professionals to express and present themselves whilst allowing for the opportunity to interact with more experienced fellow dredging professionals and enthusiasts.
